## REDUCE YOUR TAXES

An investment in SaskWorks is RRSP and tax credit-eligible. In addition to an RRSP tax deferral, investors in SaskWorks will receive a 17.5% Provincial Tax Credit and a 15% Federal Tax Credit on investments of up to \$5,000 annually.

**This means a \$5,000 investment in SaskWorks may cost as little as \$1,725!†**

† Assumes a \$5,000 investment by an investor in a marginal tax bracket of 33% (\$49,020 - \$98,040).

## AFFORDABLE INVESTING

SaskWorks Venture Fund's Payroll Investment Plan is a simple, tax-efficient way to save for retirement. The Payroll Investment Plan allows employees to make direct contributions to their SaskWorks investment each pay period.

The 32.5% combined tax credit and the RRSP tax deferral are received at source – that is, deducted from the income tax paid each pay period – so investors will only see a minimal reduction in their net pay.
